Mr. **Barrie Lynch**, the Parliamentarian who will be chairing the resolution portion of the meeting, was also introduced.

Presentation to the board and members regarding the Coffee Fundraiser (item 4 on Agenda) was moved to this position of proceedings.

4. **Coffee Fundraiser Presentation:** JOE MELANSON spoke on behalf of school and the relationship with ONE BEAN coffee. Described how relationship came to be and success of program.
 - Raised money and built a school in West Africa; grade 12 students wanted to provide way for students to indulge coffee habits therefore built a café (proceeds go to school in Africa). Mission & vision of ONE BEAN fall in line with sustainability and ideals of sponsored school.
 - One Bean Coffee is brewed in the school café, promoted in student homes, and also businesses (currently at 10)
 - \$5 from every bag goes towards different causes: in school sales, 50% goes to global partners, 50% goes to refund athletic program or BCSS. (first year raised \$10000 for school).The \$5 proceeds can go where each school wants it to go.

- Does not try to create a market, just changes where people already buy coffee (business practices are fabulous)
- Provides education for students (running café, global and social responsibility)
- Encouraged other schools to participate as the benefits that have been seen are substantial.

ALAN KLASSEN from ONE BEAN spoke to the quality of the programs, business practices and quality of coffee.

- verified that the coffee is sustainable, certified organic, certified halal.
- Business practices are impressive and have chosen high quality beans.
- Business is 100% focused on supporting non-profit and community programs. On-line ordering is available; effort is to make it as easy as possible for organizations to participate.
- ONE BEAN will brand the coffee to client's cause,
- When café was set up, there was opportunity to teach students business aspects as well. Focus is long term sustainability.

- 1.5. **Nomination Procedures for the Board of Directors:** (Randy Semenoff, Vice-President) In accordance with Bylaw 7.2, all properly executed nomination forms had to be received at the BCSS office by March 26, 2010. Presentation on Coffee Fundraiser took place prior to meeting being called to order.

Raj Puri indicated that this year the presentation of awards will be spread throughout the meeting, recognizing the achievements of individuals, teams and schools of the membership.

4.1 Presentation by Mr. Bob Peacock for Provincial coaches of the year

Provincial Coach of the Year Male: This year BCSS recognizes the achievements of **VERN FEDORAK (Terry Fox Secondary).**

Provincial Coach of the Year Female: This year BCSS recognizes the achievements of **VICKI SAHOTA (Killarney Secondary).**

5. REPORTS TO THE ANNUAL GENERAL MEETING:

5.1 President's Report: (Raj Puri)

Key themes as to happenings since the report in AGM package:

- Profile: Need to continue to keep spotlight on and highlight BCSS profile (what we do, provide, services, etc). What we do is not always evident and people's awareness is critical to further develop.
- Value: great turnout at AGM and need to work to strengthen our value, and communicate that to others.
- Communication: Critical at all levels. Must be an organizational goal. Want to be responsible and establish lines of communications in both directions.
- Understanding Rules and Regulations: Essential but sometimes it is not given the attention it deserves. Must keep everyone aware and involved in organization.
- Reminder of self-regulation: small staff requires members to be responsible and ethical. Self-policing means we must all uphold ethics.
- Resources: limited. Do the best we can with what we have. Linked to budget – 75% increase was not perfect scenario but it was necessary to continue to provide what BCSS does. Core services functioning at a high level as a result.
- Budget: need to have full year to reflect on impact, then identify position. Increase does not close door to soliciting additional funding; if we can source sponsorship, then we can alleviate the burden on schools that need the help.
- Funding situation:
 - a. After meeting with Ministry, it became clear that the model is a “spaghetti” model – tons of organizations, some linkages, some sustainability, etc. Government wants to know what their return is (accountability). Need data to show how investment is benefitting.
 - b. Subsequently, many organizations came together under the SPORT ALLIANCE (representing all sport bodies out there...PacificSport, Legacies Now, etc). Marilyn Payne from Sport Alliance (used to be BCSS ED) explained that government wants feedback on four pillars: Coaching development, increased Student athlete participation, Sport academies & Elite athlete

development.

- c. There is not an obvious result for BCSS with the exception of the 100,000 student-athletes who participate annually in our programs. BCSS provide the administrative functions of our delivery model for school sports in this province. Coaching development is the only other piece that fits within targets for government funding. Transportation for rural and remote communities is critical and even that is not a sure thing based on our conversations with the Alliance.
- d. There is a lack of recognition and awareness of what BCSS does. BCSS doesn't fit.
- e. BCSS was told to apply with respect to how BCSS fits the mandate of the four pillars and KRA or proposed results to be considered for funding.

Questions:

Legacies uses term "sunsetting" phase. Is there any connection of Sport Alliance taking over? *Not sure what the new model will look like or who will be providing the leadership?*

Is there no merit to participation and GPA? 100000+ student athletes has been mentioned constantly. Federal level via NSOs will work with us but provincial body focused on elite athlete development. Federal NSOs recognize the value and partnership. School sport is unique and does pay off.

PRESENTATION OF BCSS MERIT AWARD – This year BCSS recognizes the achievements of Andrea Nishi (McMath).

PRESENTATION OF BCSS HONOUR AWARD, by Brian Laviolette. This year BCSS recognized the incredible achievements of BOB MATLOCK, who has given 30 years of commitment to BCSS and to athletes within the schools. Bob coached many sports, but especially volleyball and golf, and his athletes have gone on to NCAA and national teams. His most noteworthy contributions have been to the golf commission, and his willingness to help and mentor others.

Bob thanked Brian, Sue and BCSS. Expressed appreciation for the growth of BCSS from what it was to the level playing field it is now.

5.2. Update on the Financial Status of BC School Sports (Sue Keenan)

Raj introduced Executive Director, Sue Keenan, and expressed gratitude for the work that she does, and the staff at the BCSS office.

Sue identified that BCSS is not providing an audit at this AGM as it was accepted at the emergency meeting in October but rather is providing a profit/loss statement (as of March 30th) and will discuss the anticipated projected year end net results. She also gratefully acknowledged the contributions of school districts and the private schools that have really rallied to secure an additional \$65,000 to assist in offsetting expenses for this year in addition to cutting costs in many other areas. No question it has been a challenging year!

Sue highlighted items within the profit/loss statement for clarification to the membership:

Revenue: \$519,731.39

Membership

Grant item (from SD and private schools)

Other items...

Championship (corporate sponsorship for banners, medals)

Meetings (from fines)

Staff (expense for a Christmas luncheon)

Expense: \$452,107.89

Membership expenses (\$75k is the commission grants, the other \$50k is insurance)

Moving expenses, buy out of lease to move office}

Two major funders – one is dedicated to golf, Subway is dedicated to soccer

Net Income: \$67,651.86 to date.

This will not be enough to meet the overall expenditures. While there remains some revenue to come in, costs including AGM, scholarship moneys carried forward, staffing costs and administration still will be incurred.

BCSS is anticipating **\$76,005 more in expenditures** for the year, with a net income loss just under **\$14,000** for the year. These funds will be borrowed from the current Gaming account and will be replenished in the fall once the membership fees have come in.

Sue reiterated that BCSS is committed to keeping organization as lean as possible.

Questions:

Wasn't there going to be a \$2 head charge? *Sue explained that is what it would cost approximately to recoup the fee increases to the user – student-athletes. The new fee structure comes into effect in September 2010.*

5.3. Executive Director's Report (Sue Keenan)

Recognized efforts of the staff, Don Wallace (eligibility officer), and reminded membership that BCSS will deal with school administrators, coaches, teachers, school districts. Any interaction with parents will be pushed back onto schools as this cannot be fielded by the lean staff.

Recognized Jim for his year with BCSS. He has provided a calm voice and dedicated hard work.

Rules and Regulations: Referenced situation of 2010 Olympic Winter Games when skeleton athlete was unable to compete because he did not get his sled to check in on time and the University of the Fraser Valley men's volleyball team who were unable to compete in March because their registration was not completed by the deadline date. As a organization all of us need to emphasize that rules and regulations are what guide sport. BCSS Rules and Regulations are what guide school sport. There is no reason for ignorance of these rules. Be cognizant of dates; if you don't know them, ask. Email reminders, etc are sent on a regular basis to all members. It is the school's responsibility to disseminate the information to their respective coaches.

Issue relating to Football: Newspaper article was referenced with respect to a student transfer that occurred a few years ago after going through both an appeal and jury of appeal process. The end result was that this player had transferred with the primary purpose of playing football.

Was he recruited.....?? BCSS is on a slippery slope with respect to transferring for sport as well as recruitment. Integrity **MUST** be the mainstay of a self regulating system.

BCSS is based on doing what we can in the best interest of student-athletes; this belief may in fact be changing as it is becoming more evident that coaching egos have and continue to become more prevalent. If that is the case then we all need to rethink the approach we are taking with student-athletes. Is it about participation and opportunities or winning at all costs??

Raj Puri, President, added that the entire Membership needs to be involved in eliminating this type of behaviour which has become very destructive and get back to fair play, ethics and integrity in sport for the benefit of everyone in the High School System.

MOVED: (BOB PEACOCK {Superintendent, SD #22} / SEAN LAMOUREUX, {School District #73}), BE IT RESOLVED TO receive the financial statements as presented.

6. PRESENTATION OF OUTSTANDING SCHOOL AWARD:

Today BCSS recognizes a school whose commitment to improving their school through athletics is outstanding. This year this recognition is awarded to **Immaculata High School.**

7. RESOLUTIONS: Presided over by Mr. Barrie Lynch, Parliamentarian.

Barrie Lynch gave background on being a professional parliamentarian and advised that he will be using the newest edition of Roberts Rules (10th edition). Every person will have the opportunity to speak (up to 10min). There will be an additional opportunity to speak a second time but only after everyone has spoken once. He will be using a consent motion – if everybody is in agreement, the motion will be passed by consent. All comments will be directed through the parliamentarian, and he will ensure that comments will be made to the issue rather than to individuals. As parliamentarian, he is striving to achieve representation from the majority of the organization in attendance today. He spoke to the specific bylaws as to what percentage is required to pass a motion or make amendments.

-

C) PROPOSED RESOLUTIONS FOR THE 2010 BCSS AGM FROM THE RULES AND REGULATIONS COMMITTEE.

Parliamentarian asked to bring forward motion 16, as it also deals with grade 7s. Asked mover to come to microphone to make amendment to 16b.

16. GRADE SEVEN (7) PARTICIPATION IN BCSS ACTIVITY

- a) **WHEREAS there is an inequity in the differential treatment of grade 7 students at elementary schools and gr. 7 students at middle schools**

AND

WHEREAS K-12 schools under the current eligibility rules

AND

WHEREAS in the interest of fairness and equal opportunity for all gr. 7 students

AND

WHEREAS it is recognized that the BCSS Bylaws will need to be amended in 2010 to accommodate this change

MOVED: {SWEENEY (Fleetwood Park) /MILLER (PANORAMA RIDGE)} BE IT RESOLVED that elementary schools be allowed to become member schools in 2010-2011 for a fee of \$100 per year and that students in these schools be allowed to participate in BCSS sanctioned sport activities for the more senior school into which then normally feed.

- b. **WHEREAS there is an inequity in the differential treatment of gr. 7 students at elementary schools and gr. 7 students at middle schools and K-12 schools**

And

WHEREAS in the interest of fairness and equal opportunity for all grade 8 students

And

WHEREAS some Gr. 8's in rural schools do not have the opportunity to play because of insufficient numbers

MOVED: {Sweeney (Fleetwood Park) /MILLER (PANORAMA RIDGE)} BE IT RESOLVED that K-7 students are not allowed to participate in BCSS sanctioned sport activities with the exception of gr. 7 student athletes from an elementary school, middle school or K-12 in the member school's catchment area to play for a bantam (grade 8) team where the member school would otherwise not be able to field a team due to insufficient numbers.

AMMENDMENT {Sweeney (Fleetwood Park)} to include middle schools and k-12, not just elementary schools in the member school's catchment area.

Discussion highlighted how starting early does help, how many years of eligibility (gr 7s in middle schools currently have 6 years of eligibility), what about k-12 schools – grade 7s are allowed so that a team can be fielded. On behalf of wrestling commission, they have consistently not allowed gr 7s to compete.

This was voted down two years ago. It should be one rule for all gr 7s, sets an unequal playing field.

Could be a huge problem for a large middle school population (lower Vancouver Island), team structure is gr 7 & 8. It works well for participation based organization.

Two different things: one not to allow, and one to allow when they can save a team in catchment areas. Exception is presented, Application process is in place.

CARRIED AS AMMENDED

5. PARTICIPATION OF GRADE 7s FROM ELEMENTARY SCHOOLS

WHEREAS there is merit in allowing grade 7s from elementary schools to play for their local Member School when it would otherwise not be able to field a bantam (grade 8) team due to insufficient numbers.

MOVED: {(THORNE, (Prince Charles) / SEMENOFF, (Brocklehurst)} BE IT RESOLVED THAT section D2.6.2 of the Competitive Rules and Regulations be repealed and replaced with the following:

Deleted: ¶

D2.6.2.1 Despite D2.1, a Member School may apply to the Eligibility Officer to allow a grade 7 student-athlete from an elementary school in the Member School's catchment area to play for a bantam (grade 8) team when the Member School would otherwise not be able to field a team due to insufficient numbers.

D2.6.2.2 The application shall:

- (a) be made on a Grade 7 Eligibility Application Form;
- (b) be made for a bantam (grade 8) team sport only;
- (c) certify that the elementary school is in the catchment area of the Member School;
- (d) certify that, to the best of the belief of the team's coach, the Member School will be unable to field a team because of insufficient student participation unless the application is allowed; and,
- (e) contain a letter from the Member School's Administrator supporting the application.

D2.6.2.3 Applications shall be made by:

D) PROPOSED RESOLUTIONS FOR THE 2010 BCSS AGM SUBMITTED BY THE COMPETITIVE STANDARDS COMMITTEE

8. BADMINTON-SEASONS OF PLAY

WHEREAS, the Badminton Season of Play currently runs over 3 three different seasons (fall, winter, spring) and this is in violation of BCSS rules D2.1.1 (13 week season) and D4.2 (juniors playing up)

MOVED: {COLOMBO (Riverside) /KEENAN, (Samuel Robertson Technical)} BE IT RESOLVED that the Badminton Season take place in the Spring Season , with the Provincial Championships taking place on the first Thursday, Friday and Saturday of June.

Jeff (St Michaels in Victoria) – Badminton commissioner. On Badminton agenda for past 5 years, have finally come to terms with coaches in area. Have been in violation of two BCSS rules, traditionally three seasons of play was due to availability of gym space. As commissioner, there is a lot of work and survey of athletic directors indicated that 80% would accept a spring season.

Joanne Loader (South Kamloops) – badminton will be in conflict with tennis, spring has numerous other sports, could cause conflict, coaches did not vote in favour but athletic directors did, many junior and senior badminton kids practice together (30 kids vs. volleyball numbers). Must be difficult.

Glen Johnston (Sentinel Secondary)– much easier for himself for scheduling but tennis team roster is virtually identical to badminton team. Understands the need for it but it will force tennis or badminton decision

Lisa (Richmond High) – Roster is predominantly IB students and those exams are in May. They are a student group and therefore studies come first. Expects it would kill the program at the school. Crossover between dragonboat, tennis, etc. is huge

Provincials for Tennis and badminton are both in the spring so conflict already exists.

Believe provincials are in March so not at same time

Athletic directors did consult badminton coaches.

John Blair (JN Burnett secondary school) – wanted to play season prior to championship

Clarification – at Badminton AGM, motion was defeated 5-4. Two thirds of them were coaches.

9. TEAM UNIFORMS

WHEREAS there is concern that athletes are changing at courtside or field side; thus exposing themselves unnecessarily to coaches, officials and spectators.

AND

WHEREAS this type of exposure does not show respect to the diversity of cultures that make up our society.

AND

WHEREAS this type of exposure would not be acceptable in any other venue situation.

MOVED: {COLOMBO (Riverside) / THORNE, (Prince Charles)} BE IT RESOLVED that schools be fined \$100 per incident if this practice continues as added to Part D;

D2.7 All sport representatives (coaches, officials or student athletes) are required to leave the court or field of play in order to change out of warm-up clothing to playing uniforms. Such changing of clothing should occur in a closed off area not visible to the court or field of play.

D2.7.1 Failure of sport representatives to adhere to D2.7 will result in a fine of \$50 per incident.

AMMENDMENT {COLOMBO (RIVERSIDE)} to correct administrative error in d2.7.1, which should read as below:

D2.7.1 Failure of sport representatives to adhere to D2.7 will result in a fine of \$100 per incident.

Concern is who is going to police this. Cultural aspects are respectful, perhaps coaches at tournaments could make an announcement if certain protocols are decided. What about gymnastics and diving?

Sue Thorne (Prince Charles) – we are a self regulating body, therefore do have an avenue to go back to. Dress codes exist in schools and therefore dress codes should be required on field of play. Sport appropriate uniforms are specific.

Soccer often encompassed a need for a change in jerseys. Believe it is excessive.

Jim Mowatt – This is not acceptable in the sport of wrestling. With a number of athletes waiting for their start time, a tournament would never run on time.

Jessica Mann (Panorama Ridge secondary). This behaviour is frowned upon at the national level. Your uniform is part of the representation and the decorum. Wear your stuff underneath as it shows class and respect.

Implementing a fine to change culture is a chore. Something where this could be phased in could impact the culture and support is there for something like this.

Senior girls' volleyball event had lots of parents complaining about changing courtside. Coaches said it is part of the sport culture; without a rule that says it cannot be done, coaches won't enforce it.

| *Hal Hennefant (Glenrosa) – concern over who would be policing. There are rules about changing soiled uniforms; if this is passed, how would they be allowed to change soiled uniform?*

10. GOLF TIERING: SINGLE A: 12-16

WHEREAS there is a desire to expand the ‘AA’ Golf Provincial tournament from 12 to 16 teams. (Survey results – 60 for and 10 opposed)

AND

WHEREAS the upper limit school population size be increased from 320 to 360 FTE students in grades 11 and 12 the ‘AA’ tier thus creating more of a balance.

MOVED: {COLOMBO (Riverside)/KEENAN, (Samuel Robertson Technical)} BE IT RESOLVED that the ‘AA’ Provincial Golf tournament be increased from 12 to 16 teams and that the school population size limit be increased to 360 students for the AA tier.

COLOMBO – golf has done their homework on this. Membership really wants this happen.

11. RUGBY TIERING

WHEREAS the BCSSRU desires to increase the participation level of student-athletes;

AND

WHEREAS over the years there has developed a competitive imbalance among member schools;

AND

WHEREAS the BCCSSRU would like to change from two tiers of competition to three tiers;

AND

WHEREAS member rugby schools voted on the issue and the results were Yes – 61, and No - 3

MOVED: {COLOMBO (Riverside)/BECKER (NORTH DELTA)} BE IT RESOLVED THAT the BCSSRU be permitted to expand to three tiers of competition,

The proposed format is as follows:

Open Level: Open to application from any school, regardless of eligible student population size.

Placement at this level would require approval of the BCSSRU Tier Placement Committee. Schools would agree to play in a province-wide league with playoffs. There would be a potential number of eight to fourteen teams. Please note that:

- for eight or more participating teams, the tournament would involve eight teams, and
- for from four to seven participating teams, the tournament would involve four teams, and
- for two or three participating teams, there would be a provincial final only.

AAA: Teams will initially be assigned based on enrolment numbers of 251 or more eligible students. Application to move down to the AA level is **restricted** to

- circumstances where climate or remoteness significantly affects the length of the season and number of interschool events,
- circumstances where schools are either initiating a new program, or reactivating a program after having been out of competition for a period of time, and
- extenuating circumstances at the discretion of the Commission.
(Ref. *BC SCHOOL SPORTS Directory and Competitive Rules and Regulations*, p.75, section C7.4.1).

AA: Teams will be initially assigned based on enrolment numbers of 250 or fewer eligible students. Teams may apply to move up to the AAA level by application to the Tier Placement Committee.

AMMENDMENT {JOHNSON (Tupper Secondary)} to strike the last two bullets of the Open Level tier and replace with the new wording of:

- for less than 8 entries more participating teams, the tournament would include all entries

CARRIED AS AMMENDED

12. FOOTBALL “PLAYING UP” EXEMPTION

Existing rule:

D4.6 Individual Student-athletes Playing at Two (2) Levels of Competition in the Same Season of Play: if it is deemed necessary to have student-athletes compete at two (2) different levels in order to field teams, an exception can be made with written approval from the parent/legal guardian, Administrator, local Athletic Association and Provincial Sport Commission.

**WHEREAS there is a need for a significant number of programs to have players available to play at Senior and Junior levels in order to field teams at both levels,
AND**

**WHEREAS relative to all other sports, there are a large number of positions and roles on a football team (offense, defence and six separate special teams). Having additional Junior players available on each roster will lessen the necessity of existing senior players having to play multiple roles, thereby allowing for more safety,
AND**

**WHEREAS there is no maximum roster limit on a football team, so no roster opportunities will be lost for players at either level if a player plays at two levels,
AND**

WHEREAS football is a rare sport that is administered provincially and local athletic associations have no involvement in scheduling, running local playoffs, or any aspect of the sport.

MOVED: {HADDOW (Hugh Boyd) /Battistin, (New Westminster)} BE IT RESOLVED that in conjunction to rule D4.6, the BCSSFA will receive an exemption to allow Student-athletes to play at two levels in the same season as it is deemed necessary by each individual program.

Tradition has been that students move as required to fill out rosters.

13. VOLLEYBALL – SINGLE A: 12-16 TEAMS

WHEREAS there is a desire to expand the ‘A’ girls Provincial tournament from 12 to 16 teams.

AND

WHEREAS the “A” girls’ tier has consistently registered more teams in the province than the other 3 tiers.

And

WHEREAS a Survey of “A” schools in February 2010 provided the following results

- a. 42 schools responded in favour of expanding to 16 teams
- b. 1 school opposed to the expansion

And

WHEREAS by expanding to 16 teams the “A” tier will be a little closer to the ratio of registered teams: to number of teams at provincials in comparison to the other tiers. See figures below.

2009 Tier numbers and respective ratios

No. of Teams	No. at Provincials	Current Ratio	
A	78	12	1: 6.5
AA	61	16	1: 3.8
AAA	64	16	1: 4
AAAA	76	16	1: 4.8

2010 A Proposal

78	16	1: 4.9
----	----	--------

MOVED: {COLOMBO (Riverside) /BECKER (NORTH DELTA)} BE IT RESOLVED

That the “A” girls’ provincial volleyball tournament be expanded from 12 to 16 teams effective 2010 season.

Volleyball has done homework on this.

E) **PROPOSED RESOLUTIONS FOR THE 2010 BCSS AGM SUBMITTED BY THE MEMBERSHIP.**

14. AQUATICS – BANNERS

WHEREAS the BC High School Swimming Championships currently awards one Championship banner to the overall point total winner at the conclusion of the competition. In accordance with other sports. (Track & Field, Skiing & Snowboarding).

MOVED: {HERSEE (St. Georges) /ATST (YORK HOUSE)} BE IT RESOLVED THAT a championship banner be awarded to the girls' high point team, the boys' highest point team and the combined team high point.

Andrea Nishi (McMath) - swimming is an individual sport but it is also a team sport. Right now there are no tiers and all aquatics are grouped together (including synchronized swimming, swimming)

Executive Director clarified that banners are paid for out of corporate sponsorship. BCSS would have to go to sponsors to see if they would contribute for the additional banner so motion would need to be subject to the funding availability of the partners.

CARRIED SUBJECT TO FINANCIAL AVAILABILITY

15. JV FOOTBALL – NORTH CENTRAL DISTRICT

WHEREAS the resources (coaches, officials, facilities and equipment) to run a JV football season in the fall in line with the senior season of play does not exist because this is a new program.

MOVED: {THOMSON (Prince George) /JOHNSON (Kelly Road)} BE IT RESOLVED THAT the NCDSAA be granted an exemption for the next three years (2010 to 2013) to allow this new program to develop and build by allowing their JV football program to be played in the spring.

Matthew Thomson – currently rent equipment as there is insufficient to field teams at the same time.

Rob Colombo – of the 5 schools, 2 are not in favour of this motion.

Hall Fan (Kelowna) – Started football 5 years ago and last year was the first that had a JV program. Running it in the spring would impact rugby program
