## AGM RESOLUTIONS

Resolutions to make changes to the BC School Sports By-Laws, Operating Policies and Procedures or Competitive Rules and Regulations must be submitted through your BCSS Zone. ## TIERING NUMBERS

The 2022 - 2023 School Year Tiering Numbers have been published on the BCSS website and can be viewed [here](#). Tiering numbers are determined using the September 30th, 2021 1701 numbers as submitted to the Ministry of Education.

In the fall, should a school see a material change in their enrollment from 2021 -2022 numbers in the report, the school can file an appeal to have their numbers re-evaluated. A school can submit this anytime between September 20th, 2022, and October 1st, 2022. This is generally done when there is a significant population reduction (greater than 5%), or because of a change of school configuration (addition or removal of a grade) or new school boundaries due to a school opening or closure in the district. Tiering appeal forms can be requested by contracting the BCSS office staff.

### Teams playing in a different tier in a specific sport

Schools wishing to play in a different tier in a specific sport must submit a tiering classification form. Forms can be requested by contacting the BCSS office staff. A separate form must be submitted for each sport a minimum of seven (7) days before the team registration deadline as outlined on the form.

### Boys Basketball

Boys's basketball functions on a 2 - year tiering cycle therefore, approved requests, will be for the 2022 - 2023 and 2023 - 24 seasons. Schools wishing to play in a different tier for boys's basketball will need to submit a tiering classification form no later than **April 11, 2022**.
